

GEORGIA TEACHING AND LEARNING SYSTEM

••• Powered by CTLS and NAVVY Education

Why

What do the students of Georgia know
and what can they do?

What

A formative assessment model which can meet federal requirements for the purpose of accountability.

How

Purpose of the assessment

- Provide timely and standards-based assessment data to teachers to better inform instruction for students

Grades and content areas assessed

- Grades 3 - 12
- All content areas currently assessed by the Georgia Milestones

Frequency of assessment

- Short, formative assessments given 4-6 times throughout the school year

Area of innovation

- Competence-based assessments which are used to determine student mastery of state standards
- Scalable platform with access to immediate, standards-level student data

How

Comparability to state achievement levels

- Comparability study will be required to define and examine linking relationships between GTLS and Milestones

Technical Quality

- Psychometric study will be required to ensure federal comparability

Available Reporting

- District, school, teacher, and student level reports will be available to schools, teachers, and parents

Accommodations

- All students, with the exception of those participating in GAA 2.0, will participate

Scalable for the state of Georgia

- Powered by the Cobb Teaching and Learning System
- Currently in implementation for 113,000 students
- Over 2,000,000 assessments delivered in SY 2017-2018
