	Record your entire desktop, an application, current browser tab or just your webcam. ... Embed your webcam anywhere in your recording, and narrate with your microphone. ... Powerful little screen recorder.	4
USA TEST PREP Your Classroom Partner	USATestprep was founded by two teachers who felt that effective technology could improve student test performance. Our goal is to allow students in the class to work with self-directed activities while other students can receive individual attention from the teacher. USATestprep offers a variety of higher order assessments with our technology-enhanced Performance Tasks. All of these check student comprehension beyond standard multiple choice or fill-in-the-blank but are still instantly and automatically graded. We are constantly developing new Performance Tasks to match Common Core and state-specific assessments. While we offer a complete range of subjects, Math and ELA are in the most demand. Choose All The student is directed to select all of the correct answers from among a number of options. Classify The student is required to drag and drop selected text examples into the correct categories. Highlight The student is asked to select and highlight sections of text that pertain to specific examples or answer particular questions. Label The student is told to drag and drop identifying labels on the appropriate parts of an image, graph or diagram. Matching The student is charged with properly matching terms or phrases with their corresponding definitions or examples. Multi The student is called on to move the appropriate text or phrase into the incomplete parts of a passage. Order The student is directed to place examples in order based on identified criteria. Timeline	2

	The student is required to chronologically order a set of jumbled events.	
iLit inspireLiteracy	iLit: Available for grades 3 through 12, Pearson's Inspire Literacy (iLit) is a comprehensive literacy solution designed to produce two or more years of reading growth in a single year. The iLit student app contains everything a student needs to participate in an iLit class: interactive assignments, a digital notebook, and an e-library 2,500(2,500+) fiction and nonfiction titles.	3 (writing component)
https://www.google.com	Google Keep: Quickly capture what's on your mind and get a reminder later at the right place or time. Speak a voice memo on the go and have it automatically transcribed. Grab a photo of a poster, receipt or document and easily organize or find it later in search. Google Keep makes it easy to capture a thought or list for yourself, and share it with friends and family.	1
